

## Fall 2024 Phoenix College Phlebotomy Program Schedule

The Phlebotomy Program Courses consist of 3 courses, PLB109, PLB111, and PLB122.

**Orientation for PLB109 and PLB111 is on Tuesday, August 6, 2024 from 5pm-6:30pm in the Phoenix College HE building.**

Classes (PLB109 and PLB111) run sequentially from August 20, 2024 through October 31, 2024, on Tuesdays and Thursdays from 5pm-9pm. You will participate in a short focused lecture, quizzes, and **lab in-person** on **Tuesdays** and **Thursdays** from **5pm-9pm** in the Phoenix College HE building, room 302 from **August 20, 2024 through October 31, 2024**

PLB109 runs from August 20 through September 26 and PLB111 runs from October 1 through October 31.

PLB109 and PLB111 are hybrid courses. Much of your coursework will be completed online.

PLB122 is the clinical externship class – **November 4, 2024 through November 22, 2024**

Mondays through Fridays, 5 days per week for 3 straight weeks  
8 hours per day, usually between the hours of 7am-5pm

This class is held offsite at a clinical externship site.

Each student schedule will vary depending upon the dayshift hours of the clinical site the student is placed in.

Please note externship dates may be delayed or completely canceled if public health issues arise.

Every effort will be made to place students in clinical externship but externship dates may be delayed indefinitely depending on the current public health situation.

In the event of clinical externship delay or cancelation, virtual clinical externships with completely online coursework, will be required to complete the program and obtain a certificate of completion.
