## KEYNOTE AND STUDENT SPEAKERS

**Oscar De las salas** - Client Relationships Manager, Gensler & PC Alumnus

A native of Barranquilla, Colombia, Oscar De las salas is an award-winning international architect and designer with more than two decades of experience. Oscar's early career led him to serve as Project Architect and Field Coordination for four U.S. Embassies in Bolivia, Colombia, Singapore, and Guantanamo Bay, Cuba. At the completion of that

commission, Oscar relocated to Spain to complete his Master's Degree in Architecture and Interior Architecture at the University of Salamanca.

Oscar came to Phoenix to write his thesis project about Taliesin West and stayed to join a small architectural firm. After much resilience, Oscar became a U.S. citizen and the Principal and Operating Manager of the firm. Looking to upgrade his English skills, he enrolled in evening classes at Phoenix College, determined to propel his career in the U.S.

Since 2017, Oscar has served with the global design firm, Gensler, and is currently Manager of Client Relationships, advancing business development across Arizona and the Southwest.

Oscar's work in the community and passion for the future of our city fuels his belief in the arts, youth mentorship, and urban planning, and he devotes his talents and knowledge serving on many boards, including Scottsdale Museum of Contemporary Art, Phoenix Art Museum Circles of Support, Friends of Phoenix Public Art, ArtLink, Southwest Shakespeare, Arizona Opera, Phoenix Sisters Cities, Arizona Chapter of Urban Land Institute, and as the global ambassador for PROCOLOMBIA, promoting Colombian non-traditional exports, international tourism and foreign investment.

Most recently, Oscar was appointed as Commissioner for Phoenix Sister Cities, and now serves as Associate Professor for the Herberger Institute for Design and the Arts at Arizona State University. Oscar currently resides in Central Phoenix where he lives with his husband and the love of his life for 17 years, Gary Jackson.

**Zach Knapp** – Class of 2023

## ACADEMIC REGALIA

In colleges and universities, academic degrees are conferred at commencement exercises. Originally, the term “commencement” meant the inception of the student graduate as a teacher and his recognition as such by his master and other members of the profession. Thus, the term once marked an actual beginning.

The processional and recessional of students and faculty dressed in academic regalia is a traditional part of these commencement exercises. The history of academic dress goes back to the medieval universities. In the 12th and 13th centuries, when universities were taking form, they were under the jurisdiction of the church. Those studying wore a habit or cloak to which was attached a cowl or hood which could be pulled up over the head or thrown back, according to weather conditions. Later, the gown served the dual purpose of providing warmth in the unheated halls as well as uniformity of dress.

The hood seems to have had three uses: a covering, a shoulder cape, and a bag for collecting alms. It is believed that when large wigs were worn, the cape part of the hood was cut open in front and the entire garment, cape and hood proper, was allowed to fall back, producing approximately the effect seen today. After wigs went out of fashion, the original shape was not restored. The master’s hood is longer than the bachelor’s and the doctor’s longer than the master’s

Gowns commonly worn in the colleges and universities of this country have pointed sleeves for the bachelor’s degree, long closed sleeves (with a slit for the arm) for the master’s degree, and bell-shaped open sleeves for the doctor’s degree. The master’s and bachelor’s gowns have no trimming. The gown for the doctor’s degree is faced down the front with black velvet with three bars of the same across the sleeves; or these facings and cross bars may be of velvet of the color distinctive of the faculty or subject to which the degree pertains.

The cap is an essential part of the academic dress and it is to be retained on the head throughout all academic exercises except during prayer. In particular, the cap is not to be removed at any point in the conferment of a degree.

All hoods are lined with silk showing the official colors of the institution which conferred the degree, and all are trimmed in specified widths with velvet signifying the degree. Following are some of the colors that may be seen on hoods:

ARTS AND LETTERS–white  
BUSINESS & ACCOUNTANCY–drab  
DENTISTRY–lilac  
ECONOMICS–copper  
EDUCATION–light blue  
ENGINEERING–orange  
FINE ARTS (inc. Architecture)–brown

HUMANITIES/JOURNALISM–crimson  
LAW–purple  
LIBRARY SCIENCE–lemon  
MATH AND SCIENCE–gold  
MEDICINE–green  
MUSIC–pink  
NURSING–apricot

PHARMACY–olive green  
PHILOSOPHY–dark blue  
PHYSICAL EDUCATION–sage green  
PUBLIC HEALTH–salmon pink  
PUBLIC ADMINISTRATION–peacock blue  
SOCIAL SCIENCE–citron  
THEOLOGY–scarlet

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, age, or national origin. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of the District.

The Maricopa County Community College District does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs or activities. For Title IX/504 concerns, call the following number to reach the appointed coordinator: (480) 731-8499.
